## Open Discussions

Question arose about late registrations after the draft? Also question on minor league players refusing to move up to fill open spots on major's rosters.

These issues should be defined in your local rules policy section.

You should set up review committees in Oct, Nov. to go over local rules and policies and have them in place before these issues arise.

In absents of having a set policy in place go ahead and have local board make a set policy to cover what is needed and go on from there.

Brain from Aptos will e-mail their policies to rest of the leagues.

Linda will order District pins for TOC and District Tournaments. Also each League can look into having there own pins made for there league from a design of there own choosing

Reminders Waivers!!!!!!! Important.

All Ild and IVh waivers must have proof of residency papers from when they lived within your league boundaries and kept on file with the waivers. Also I need copies for my records. Want to see supporting letters for all waivers for 12 year olds to stay in Minors.

If you have any Ild and IVh waivers from previous years with supporting residency papers I need them for my files.

Opening day for Santa Cruz will be March 13<sup>th</sup> at 9am; there will be a dedication renaming a field in the name of "RICH YOUNG" field to honor him.

I will be in Lexington at Congress so please will everyone who can please attend for me, I will be there in spirit.
